

## Reducing the Incidence of Vaccine-Preventable Pneumonia and Related Morbidity and Mortality

### Resources for Interventions/Action Plans

Below is a list of resources and activities available to senior housing settings and clinicians, for implementation as part of your interventions and action plan development. Please select education to include in action plans based on what is most relevant to your needs, and the actions that you feel will be most helpful in achieving the goal you identify. This is not a comprehensive list of resources or interventions available; you may determine other education or action plan components that are more relevant based on your specific quality goals.

ACTION PLAN RESOURCES	DETAILS
